RE: Annual Review of Base Rates for Fuel Costs for South Carolina Electric & Gas Company, **Docket Number 2018-2-E**

Dear Ms. Boyd:

Please find attached for electronic filing the *Direct Testimony of Devi Glick* filed on behalf of the South Carolina Coastal Conservation League (CCL) and Southern Alliance for Clean Energy (SACE) in the above-referenced matter.

CCL and SACE note for the Commission that South Carolina Electric & Gas Company has proposed significant changes in its approach to avoided costs in this proceeding. Given the number of issues raised, the significance of the avoided cost changes, and the short timeline in this fuel cost recovery proceeding, CCL and SACE believe the avoided cost methodology changes and PR-2 update would be better analyzed and addressed in a separate proceeding. It's our understanding that Solar Business Alliance may file a motion with the Commission to bifurcate the avoided cost issues from the fuel cost recovery issues in this proceeding, and SACE and CCL would support that request. To the extent there is additional opportunity to do so in another proceeding or later in this proceeding, SACE and CCL reserve the right to provide additional evidence and input on the issues raised.

Please contact me if you have any questions concerning this filing.

Sincerely,

s/ J. Blanding Holman, IV
